#### Permethane Catheter feature:

Tip design guarantee soft contact and long potency.  
PERMTHANE material suitable for long use.  
Polyester cuff to ensure proper anchoring of catheter to subcutaneous tissue.  
Stand repeated clamping and declamping.  
Multiple thread female luer end.  
Luer activated safety end valves.  
Variety of sizes, lengths and shapes.

#### Kit features:

Standard and heavy duty length marked guide wire with advancer.  
Long tapered tip dilator.  
Scalpel # 11 for small snipping.  
Tear away sheath dilator with size matching.

#### Kit contains

Permethane Catheter.  
Luer activated safety valve.  
Length marked J- end guide wire with advancer.  
Tissue dilators.  
18G - 7cm Introducer needle.  
5 CC Syringe.  
Scalpel # 11  
Size matched tear away sheath dilator.  
Tunneling stylets.  
Movable fixation wing.  
White Clamp.  
Catheter Connector.
